In order to promote transparency, consistency and certainty, each Party shall adhere to one method. Any change in the method of calculation shall be notified to all the other Parties at least six (6) months prior to the adoption of the new method. It is understood that any verification of the AIFTA content by the importing Party shall be done on the basis of the method used by the exporting Party.

Rule 11: Indirect Materials

In order to determine whether a product originates in a Party, any indirect material such as power and fuel, plant and equipment, or machines and tools used to obtain such products shall be treated as originating whether such material originates in non-Parties or not, and its value shall be the cost registered in the accounting records of the producer of the export goods.

Rule 12: Identical and Interchangeable Materials

For the purposes of establishing if a product is originating when it is manufactured utilising both originating and non-originating materials, mixed or physically combined, the origin of such materials can be determined by generally accepted accounting principles of stock control applicable/inventory management practised in the exporting Party.

Rule 12

In the event of theft, loss or destruction of an AIFTA Certificate of Origin, the exporter may apply in writing to the Issuing Authority which issued it for the certified true copy of the original and the triplicate to be made on the basis of the export documents in their possession bearing the endorsement of the words "CERTIFIED TRUE COPY" (in lieu of the original certificate) in Box 12. (*d*) in all cases, the relevant Customs Authority in the importing Party may accept such AIFTA Certificate of Origin provided that the products have been imported before the expiry of the validity of that AIFTA Certificate of Origin.

Rule 15

(a) Where the origin of a product is not in doubt, the discovery of minor discrepancies between the statements made in the AIFTA Certificate of Origin and those made in the documents submitted to the Customs Authority of the importing Party for the purpose of carrying out the formalities for importing the products shall not invalidate the AIFTA Certificate of Origin, if it does in fact correspond to the said products.

(b) For multiple items declared under the same AIFTA Certificate of Origin, a problem encountered with one of the items listed shall not affect or delay the granting of preferential tariff treatment and customs clearance of the remaining items listed in that AIFTA Certificate of Origin. Subparagraph (*a*)(iii) of Rule 16 may be applied to the problematic items.

VERIFICATION

Rule 16

(iii) In case of reasonable doubt as to the authenticity or accuracy of the document, the Customs Authority of the importing Party may suspend provision of preferential tariff treatment while awaiting the result of verification. However, it may release the good to the importer subject to any administrative measures deemed necessary, provided that they are not subject to import prohibition or restriction and there is no suspicion of fraud; and

(iv) the retroactive check process, including the actual process and the determination of whether the subject good is originating or not, should be completed and the result communicated to the Issuing Authority within six (6) months. While the process of the retroactive check is being undertaken, subparagraph (iii) shall be applied.
